SHAKŌ-BA

The concept of Shakō-Ba originates from the Japanese word 社交 (Shakō), meaning social intercourse or socializing. This is a place to bond and celebrate relationships. Fret not if you have no friends, you can make some here! If you're lucky, you could leave with some too *wink.

Our staff won't bite, just wave and flash us (a smile) to get our attention and we'll be right with you!

When life
gives you lemons,
get a highball.
